

**Did you know?**

**Best Powder Foundation for Summer 2019**

**Summer** is a challenge season for women with oily skin. Some women choose to skip liquid or cream foundation in order to avoid looking like a melting makeup palette under the heat. Powder foundation can help solve this problem by buff on some powder foundation using a dense Kabuki brush or a damp

**Original Loose Powder Mineral Foundation Broad Spectrum SPF 15** is full of mineral pigments and non-chemical mineral sunscreen. Free of talc, parabens, phthalates, fragrance, preservatives and chemical sunscreen.

**Loreal True Match™ Powder** precisely matches your skin's tone and texture and coordinates perfectly with True Match™ Makeup, Blush and Concealer. Micro-fine powder provides versatile coverage: you can blot shine, blend for a natural finish, or build for more coverage. True Match™ Powder's formula contains a hint of pearl pigments that enhance your skin's tone.

beauty blender. It will keep away shiny on your skin and leave your face with a flawless finish. Powder foundation offers perfect coverage without clogging your pores or leaving a greasy residue on your skin. With the list of best powder foundation for shine-free face as below, you can find the one appropriate for you.

**M.A.C Studio Fix Powder Plus Foundation** gives skin a smooth, flawless, all-matte finish with medium-to-full coverage and a velvety texture that allows skin to breathe. Long-wearing, color-true, non-caking, non-streaking, non-creasing, non-fading all for 12 hours.

**Giorgio Armani Luminous Silk Compact** offers a lightweight, hydrating sensation as well as even complexion and natural translucent finish. Its unique dual-use applicator gives a versatile makeup result.
